- » CCMO
- » Growth Works
- » Bridgeway
- » Insight

SCOPE OF WORK

- » NPS provides transportation services within 2 days' written notice. All details including juvenile needs for transport are collected.
- » The transportation services include picking up the juvenile at the required location and taking them to the destination location.
- » Two drivers are secured for all transportation services to ensure safety and security.
- » Vehicles will be inspected before and after each trip. Inspections are documented electronically and available for client inspection upon request.
- » The vehicles for secured transportation are vans equipped with inmate transport modular systems.
- » All vehicles are equipped with GPS monitoring and forward facing and interior facing video camera systems.

WHAT SETS NPS APART?

- » Our level of security and professionalism
- » Competitive pricing and customized service plan
- » Ability to meet staffing and compliance requirements
- » Comprehensive driver screening and credentialing:
 - Motor Vehicle Record (MVR) review
 - Michigan State Police ICHAT criminal background check
 - Six-panel drug screening
 - Medical physical examination
- » Before operating a vehicle, drivers must annually complete driver's training that covers topics provided by the contractor's insurance company, including:
 - Backing
 - Lane changing and merging
 - Intersection safety
 - Right and left turn maneuvers
 - Passing
 - Defensive driving techniques
